

# 2021 PAPERWEEK CANADA

February 8-12, 2021

## [Call for Papers] PaperWeek Canada 2021 [www.paperweek.ca](http://www.paperweek.ca)

PaperWeek Canada is PAPTAC's flagship conference & tradeshow serving the pulp & paper, and forest products industry. Given the unprecedented circumstances around the COVID-19 crisis, PAPTAC is pleased to announce it will host the event February 8-12, incorporating a stronger emphasis on virtual sessions. Virtuality will allow for presenters to show materials and equipment from the comfort of their facilities, a great addition that could never be done in the usual onsite environment.

We encourage all industry leaders, mill personnel, suppliers, researchers and experts to submit their latest work for presentation in the program.

### PaperWeek's Flagship Papermaking Program

The marquee platform for papermakers, featuring operational and market advancements in all areas of **Papermaking**, including specific segments on **Tissue** and **Board**

### PulpEx Program

The segment dedicated to all things Pulping at PaperWeek with sessions on the latest updates in **Market Pulp**, **Alkaline Pulping** and **Mechanical Pulping**

### Management & Operational Leadership

The rising interest for leadership best practices continues to confirm itself with sessions dealing with the most recent approaches in the key areas of **Safety**, **Management** and **Reliability**

### Technical Sessions

And of course, the traditional yet always relevant technical sessions on the latest progress in the fields of **Bleaching**, **Energy** and **Environment**

*Visit [www.paperweek.ca](http://www.paperweek.ca) to submit abstracts for BIOFOR's program*

#### ABSTRACT SUBMISSION INFORMATION

Priority will be given to papers presented by mill personnel

Abstracts should not exceed 300 words

**Abstracts should be sent by email to [paperweek@paptac.ca](mailto:paperweek@paptac.ca) before September 21st**

Authors will receive a follow-up email regarding conditional acceptance of their submission or non-selection

Late submissions may not be considered for the program
